Open a Credit Line

Dear customers,

Open accounts are available to customers who have previously purchased from us and wish to do so on a regular basis. Certain restrictions apply. The initial open account order must be \$300 or more and annual purchases must exceed \$1000 to maintain the account. There is \$50 minimum order requirement for subsequent open account orders [this does not apply to parts orders].

Please fill out the credit application below, fax to 1-800-878-7050, or email CONTACT@salcoinc.com, along with your initial open account order for Salco products [not including parts] in the amount of \$300 or more. Your opening order must be submitted with your credit application for your account to be established.

We also suggest you phone our Customer Service at 1-877-464-2531 in order that we may better assist you and expedite your application.

Thank you for choosing Salco as your Staple Headquarters!

Past due accounts are subject to an interest charge or 1.5 % per month. All returns require an R.G.A. number, issued by Salco. Please note that returns which do not comply with our return policies (damaged tools or missing enclosure) may be subject to a restocking fee. All returns must be shipped freight prepaid. See our Warranties and Return policy
Please contact our Customer Service Department if you have any questions regarding our terms and conditions.
